

TECHNICAL SPECIALIST

Mechanical, Electrical or related technology areas

Finnegan is proud to be one of the world's leading IP firms, boasting a practice that includes all aspects of patent, trademark, copyright, and trade secret law, including counseling, prosecution, licensing, and litigation. We also represent clients on IP issues related to international trade, portfolio management, the Internet, e-commerce, government contracts, antitrust, and unfair competition. We work with clients of all sizes, from virtually every industry and technology to identify, protect, advocate and leverage their most valuable IP assets.

Our Seoul office is seeking a Technical Specialist with a background in Mechanical, Electrical, or Electronics Engineering, Computer Science, or related fields.

Responsibilities for Technical Specialists include:

- Excellent English proficiency required (communicate with U.S. lawyers and perform all work in English);
- Learn and perform U.S. prosecution work to assist U.S. attorneys;
- Not required to have Patent Law, Patent Prosecution - related work experience;
- Fast learner and interested in new technologies.

A Technical Specialist who has fulfilled 3-4 years of employment with excellent performance may be considered for an opportunity to attend law school in the U.S. and become a Student Associate at the firm's Washington D.C. office, subject to firm approval.

The firm currently offers U.S. Law School Tuition Reimbursement package for Student Associates earning excellent grades and receiving satisfactory performance reviews and in good standing.
